# Frozen Drink Machine Instructions

## Operating Instructions:

- 1) Plug machine into its own standard 15amp outlet. (Machine will need 1 - 15amp circuit)
- 2) **Do not use an extension cord!** Unless one(1) is provided with the machine.
- 3) Make sure the hopper(s) are securely seated on the machine. (Press firmly, but gently against or near the spigot on the hopper towards the back of the unit to make sure the hopper is firmly set)
- 4) Hook the Drip Tray underneath the spigot and attach
- 5) Switch on the main power switch, and all other switches should be switched **ON**.  
**Power Switch("I"), Light Switch("I"), Auger Switch("I") & Snow Flake Switch =Frozen Drink ("II") or Water Drops=Chilled drink(no ice)("I")**
- 6) Mix your drink mix ingredients together and pour into the hopper. **Note: Follow mixing instructions when adding alcohol to the drink mix or it may not freeze.**
- 7) **Hopper Lids must be attached to the unit or the machine may not function properly!**
- 8) Now we wait for the magic to happen. It will take approximately 2 hrs depending the temperature and other variables to freeze.

## Cleaning Instructions:

- 1) Rinse inside of hopper with 1 gallon of warm water and drain through the spigot(s) into a bucket and rinse out the drip trays.
- 2) **DO NOT TAKE THE MACHINE APART!** Unless otherwise instructed.
